Chairman Message

Dear professionals,

On behalf of the conference organizers, it is my pleasure to invite you to participate in the 8th Middle East Non Destructive Testing Conference & Exhibition to be held during the period 21-24 April 2025 in Manama, Kingdom of Bahrain.

The Middle East Non Destructive Testing Conference and Exhibition has steadily grown since its inception in 2001 to become one of the largest subject conferences in the region. The forthcoming 8th edition focuses on quality enhancement through digital transformation and provides a distinctive platform to share knowledge, technology and experiences. We are planning to have an exciting program lined up with diversified technical program, panel discussions, presentations, keynote speakers and vendors from around the globe. The conference also includes workshops covering a number of the latest advancements in NDT training & applications. The exhibition, running concurrently with the conference, will provide you with an insight into the latest technological developments in products and services related to Advanced NDT technologies. For the first time, we will introduce the MENDT Excellence Award to recognize and reward best practices and innovation in the field of NDT. The conference will also highlight various sub events such as WINDT – Women in NDT Industry, focused on encouraging women professionals to excel in the field of NDT.

We are confident that you will find this event a fruitful platform to all levels of NDT professionals. We look forward to seeing you in Bahrain in April 2025.

Badr Bin Abdul Latif Busbit

Badr Bin Abdul Latif Busbit
Conference Chairman
Inspection Department Director
Saudi Aramco

Organizers Message

The 8th Middle East Nondestructive Testing Conference & Exhibition will be held at the Gulf International Convention Center, Gulf Hotel in Manama, Kingdom of Bahrain from 21-24 April 2025. Around the globe, we are faced with major challenges to maintain aging assets and energy supply networks to ensure their reliability. This task is never more pressing in the Middle East due to environmental conditions and in particular, the Gulf Cooperation Council states (GCC), which have been established as the world's capital of reliable energy and critical source for the sustainability of the world economy.

After the covid setback, the region is enjoying a period of rapid growth and massive investment in infrastructure. Sustaining energy production & growth is a challenge and equipment reliability and integrity are critical for continuation of business and avoidance of equipment failures and incidents. Therefore, Nondestructive Testing plays an essential role to ensure reliable operation and to meet the increasing world energy demands.

The American Society for Nondestructive Testing ASNT Saudi Arabian Section & Bahrain Society of Engineers are once again joining hands to launch the 8th Middle East Nondestructive Testing Conference & Exhibition from 21-24 April 2025 at the Gulf International Convention Centre, Gulf Hotel, Kingdom of Bahrain. The last conference held in October 2015 received an overwhelming response. More than 85 technical papers were presented with contribution of four of the most distinguished International Keynote Speakers delivered presentations on the latest advanced technologies and experiences in the field of NDT. The conference was attended by over 1000 delegates, and was supported by 95+ sponsors and exhibitors.

The theme of this conference is "Quality Enhancement Through Digital Transformation". This conference offers a unique venue for NDT professionals to interact, share and exchange experiences of inspection problems and to explore the latest NDT technologies to address inspection challenges particularly addressing middle east environment. This conference is a world class platform to share best practices, success stories and proven technologies by presenting technical papers and to demonstrate the most recent state-of-art NDT technologies.

In addition, distinguished international keynote speakers, experts and professionals in the field of NDT will participate in this high caliber conference through presentations, seminars and workshops. The conference has also proved to be an excellent recruitment vehicle of international talents. Major regional and international companies and organizations who already shown interest to support the event will demonstrate a significant role in the success of the conference.

Technical Program Sessions

The 8th Middle East NDT Conference technical program offers a comprehensive coverage of the **LATEST DEVELOPMENTS** from around the world in **NDT TECHNOLOGIES IN THE NEW ERA OF INDUSTRY 4.0.**

The conference will include **FORMAL PRESENTATIONS, WORKSHOPS,** and **PANEL DISCUSSIONS**

TOPICS

- None metallic piping inspection
- IR 4.0 (UAV & Robotic inspection)
- None pigging pipelines inspection
- In Line Inspection (ILI) for Pipelines, EMAT, MFL, UTCD etc
- Advanced NDT Technologies for ILI verification
- Subsea Pipelines and structures inspection
- On line inspection for CUI
- Artificial Intelligence (AI) for data analysis for RT, Phased Array, MFL testings etc.

ABSTRACT SUBMISSIONS

Scientists, engineers, managers and students are invited on the topics outlined above and other subjects related to the theme of the conference. Abstracts should be submitted to the Chairman of the Technical Committee by e-mail. Abstracts should clearly state the subject matter, the objectives, and important conclusions to be presented in a full abstract format. The abstract should include the title of the paper, a 150- 400 word description of the paper, the author's name(s) and affiliation including the mailing and email addresses. Guidelines for the submission of manuscript for review and the preparation of the final draft will be communicated upon the acceptance of the abstract (see abstract submission form). Complete presentations will be distributed at the conference electronically.

Call for Abstracts

IMPORTANT DATES

Submission of Abstract
15 October 2024

Presentation Submission
01 December 2024

Presentation Acceptance
01 January 2025

Final Presentation Submission
01 February 2025

Abstracts are invited on the topics outlined and other subjects related to the theme of the conference.

Abstracts should be submitted using our online submission form through our website www.mendt.co. Abstracts should clearly state the subject matter, the objectives and the important conclusions to be presented in the full paper and should not exceed 400 words. The abstract must include the title of the paper, the author's name(s) and the affiliation including the email addresses. Selection of papers will take into account the originality, relevance and likely interest to delegates. Guidelines for the submission of manuscripts for review and the preparation of the final draft will be communicated upon the acceptance of the abstract.

Conference Language

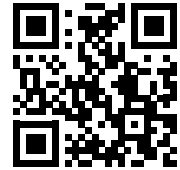

The official conference language will be English. Papers, visual materials and other documents will be presented in English language.

For further information and details about the conference, please visit conference website at <http://www.mendt.co>

Abstract Submission Form

21-24 April 2025
Gulf Convention Center
Gulf Hotel, Kingdom of Bahrain

Please complete in BLOCK letters. Complete a separate form for each applicant.

Exhibition

A Technical exhibition will be held in conjunction with the technical sessions within the conference venue. The exhibition is intended to provide an opportunity for companies, consulting and research organisations to display and demonstrate their activities and services related to the Nondestructive testing field. Interested organisations are encouraged to participate in the exhibition.

Details & Benefits

The exhibition stands are 3m wide and 2m deep with 2.4m height. Stand fittings will consist of a system stand, two fluorescent lights, fascia board in English, one electrical power point and sufficient tables and chairs. In addition each exhibitor can avail the following benefits:

- 1) Exhibitors names will be published in the conference website
- 2) Exhibitors profile and logo will be included in the Conference Proceedings.
- 3) Advertising space will be available in the Exhibition Guide.
- 4) A brief resume (8,10 lines) of each exhibitor will be included in the official exhibition guide which will be circulated to all invited government officials, VIPs, visitors and participating delegates.
- 5) Wide publicity will be given in the Gulf Region about the exhibition to attract Consultants, Contractors, Government officials and professionals to visit the exhibition booths during the conference period.
- 6) Each exhibitor is entitled to one full conference package and entry to the Conference Technical Session.
- 7) All exhibitors will also be honoured with certificates.

Exhibition Cost

One full exhibition Stand 6 sq. mtr. with the fittings BHD 840 or USD 2,240

Exhibition Space without fittings BHD 130 or USD 347 per sq. mtr. (Minimum size is 6 sq. mtr.)

Bahrain Society of Engineers

IBAN No: BH47-NBOB-0000-0099-0659-91

Swift Code NBOBBHBM

Conference & Exhibition Venue

The conference and exhibition will be held at the Gulf Convention Centre, Gulf Hotel, Kingdom of Bahrain. The Gulf Hotel offers luxurious hospitality, a landmark in Manama, just 10 minutes away from the Bahrain International Airport and 5 minutes from the City Centre, the Gulf Hotel offers 366 well-appointed rooms of gracious style, uncompromising efficiency and thoughtful technology. The Gulf Convention Centre offers exhibition, meeting and pre-function areas with unequalled state-of-the-art facilities. The hotel houses many of Bahrain's leading restaurants.

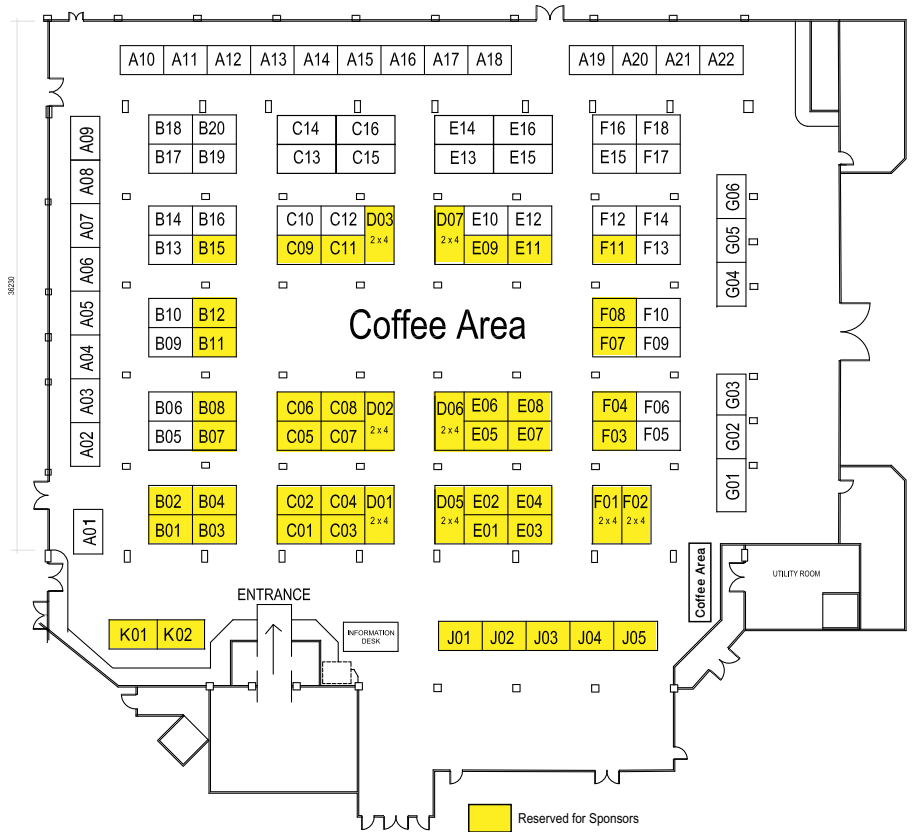

Cancellation Policy : A Sponsor/Exhibitor may cancel their participation in the Conference by giving Conference Organizers notice in writing. If Organizers receives notice of cancellation by xxxxxx or before the issue of last conference brochure, there will be only 20% of the sponsorship/Exhibition fee as cancellation charges.

If notice of cancellation is received after the issue of last conference brochure or xxxxxx the Sponsor / Exhibitor shall be obligated and agrees to pay a cancellation charge of 50% of the total sponsorship / Exhibition fee. If notice of cancellation is received after xxxxxx , the entire sponsorship / Exhibition fee is due as cancellation charges. In the event of cancellation, Organizers has the full right to use the space for its own convenience, including selling the space to another exhibitor, without rebate or allowance to the cancelled exhibitor. Both ASNT-SAS and Bahrain Society of Engineers assume no responsibility for having included the name or description of the cancelled exhibitor in programs, news releases, publicity or other materials.

Floor Plan

Organizers

BAHRAIN
SOCIETY OF
ENGINEERS

The Bahrain Society of Engineers (BSE) was established in July 1972 by the Ministry of Labour and Social Affairs (MLSA) as a professional institution that helps Bahrain's Engineers to contribute substantially to the development and modernization of Bahrain. BSE has vast experience in the organisation of international conferences, seminars and workshops on various subjects in the engineering arena.

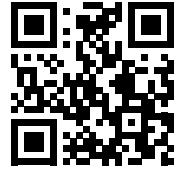

SAUDI ARABIAN SECTION OF
THE AMERICAN SOCIETY FOR
NONDESTRUCTIVE TESTING

The Saudi Arabian Section (SAS) of the American Society for Nondestructive Testing was chartered in 1999. Since then, the section has grown to over 650 individual and corporate members. The section was founded in order to promote the discipline of NDT as a profession, provide a forum for exchange of NDT technical information through educational materials and programs, and facilitate standards and services for the qualification and certification of NDT personnel. SAS has established seven successful regional conferences on NDT in Bahrain and Saudi Arabia. The SAS section is the most active section with the highest standing among the worldwide NDT community.

Bahrain, an archipelago of 33 islands, is rich in history and ancient civilizations, and is situated in the Arabian Gulf, off the east coast of Saudi Arabia. The country offers a fascinating blend of eastern and western cultures. The capital Manama is quite modern cosmopolitan city, which boasts world class restaurants, shopping centers, and tourist attractions. The climate is hot in summer and mild in winter. From November to April, the weather is very pleasant, with temperatures ranging from 15 to 24 degree centigrade. Arabic is the official language, but English is widely used by most businesses.
